## Beautification Award Categories

Check one or more of the following:

### RESIDENTIAL: New or newly updated

This award is specifically for improvements to landscaping of a residence or any specialty garden by reducing water usage and the conservation of our region's natural resources. Judging in this category will include assessment of the maintenance practices, environmental benefits and the composition of the plants and other materials used.

### RESIDENTIAL: Well-established

This award recognizes year after year landscape appearance that exemplifies good landscape practices and represents strong stewardship. Landscaping is visually pleasing and improves the aesthetics of an area.

### RESIDENTIAL: Multi-unit

This award recognizes common area landscape that is refreshed while remaining water conscious. Landscaping should include a large variety of drought resistant plants and trees, and provides formal and informal elements.

### COMMERCIAL: New or newly updated

This award recognizes innovative and interesting architectural improvements such as building features, statues, paintings, murals and forms of art that are visually pleasing and improve the aesthetics of an area.

### HISTORICAL RENOVATION

This award recognizes property that has been improved in a manner that attempts to restore the characteristics of the building and either recreates or preserves the structure or grounds.

Is your landscaping  
deserving of an award?

Know someone with  
beautiful landscaping?

Reward the effort with a  
nomination for a  
Beautification Award!

- For new construction, a certificate of occupancy must have been issued.
- Public projects are not eligible.
- Projects that have won in previous 5 years are not eligible.

## 2018 Beautification Award Winners

## What is a Beautification Award?

**These awards are presented to encourage community improvements and recognize those individuals who are working to enhance our City’s visual image and improve its economic vitality.**

The City of Livermore Beautification Committee recognizes projects that improve the appearance of local neighborhoods and the entire community.

Examples are residential site improvements, retail and commercial upgrades, water wise landscapes, renovations, restorations, and new structures that are architecturally noteworthy.

## What does the Beautification Committee look for?

- A major criterion is how the project visually enhances the surrounding neighborhood and community. Also, how the home/business incorporates design, maintenance, color, organization and creativity within the existing community.
- Nominations will be evaluated based on the overall appearance of the completed project.
- Improvements to structures, outdoor spaces and landscaping are important elements for consideration. Also, how the home/business structure coincides with the landscape and architectural design.
